Ministry/Home/Office

Ukrainian Jew, Belarus, Georgian, Kyrgyz all gather in the home for bible study

Women gather at our home for bible study and fellowship.

Shalom Mishpoucha (Family in Hebrew), We need your prayers.

We are fasting and praying for our ministry/housing situation. We would love to see others join us. Again we want to repeat: we are fasting for our ministry/housing situation and we decided to open it up to church family and friends. and our supporting partners. The house that we have been renting for almost seven years has been not only a home to us but a place for ministry.

From the very start of our work here among Russians we dedicated it and gave it to God. It belongs to the Father and to His work. Many have passed through these doors and the Lord has met them here, saved them here, filled them with the Holy Ghost, refreshed them, healed them and ministered to them in great ways.

On many occasions we have housed many missionaries at a time (fed them, served them etc.). We have great stories to tell. We should write them all down. During Hurricane Sandy we were able to house 13 people with kids for a long time and we would have gladly taken more.

I am not afraid to move but we have been looking and there is nothing similar. The rental homes we have seen that are close to what we have, are very expensive. We would have to pay \$1000 more of what we are paying now. Our home now has 7 people, my family of six, and also living with us a wonderful evangelist who is totally dedicated to the ministry of the Lord among the Russians. Also our office is here.

On a regular basis we have up to 40 Russian speaking people (incl. ex-muslims from the volatile Caucasus and Jews, some of which were converted to Christ in this house) to come over to be refreshed through bible studies/social gatherings and youth group meetings. The rental home prices out here are too high and do not accommodate all we need. This home needs some work but we know all its pluses and repair needs. Our landlord, Mike wants to sell so he said we need either to buy it or move out in June. The price of the house is \$435,000. It seems high but it's low for NY/NJ prices. Please pray for us, for wisdom and for favor. Back in 2006 I heard in my spirit that we would have a home debt free.

We serve an awesome God and if we are to buy it, we need \$435,000 to pay it in full. Our landlord has also offered to be the bank and we will just need 50,000. Pray with us and if you would like to fast we will be fasting again on Tuesday, May 14. It's a special day, the Eve of Shavuot or Pentecost. Perhaps you would want to fast your favorite meal or any one meal or half a day or for a full day like

us, let the Lord speak to your heart. But whether you fast or not please keep us in your prayers. We need wisdom and a clear direction. He knows the future and has a perfect will for us to follow. Hallelujah!!

His will be done on earth as it is in heaven...

Thank you for your prayers.....

Youth on fire for Jesus

Souls saved....Dima (red hat) came to the Lord at our meeting and soon after his wife was also saved. God has placed on their hearts to minister and to reach out to the youth of Brighton Beach.

Nikko (17 yr old) comes to Altar and is saved. Hallelujah!

Russian Chechen comes up for prayer no longer a drug addict now a follower of Jesus.

Evangelist Eva 7 yr old brings her muslim friend to a meeting

Growing in Grace , Growing in numbers and Growing out of our buildings...Hallelujah!

Good news we need more space. We need freedom to host meetings for a lengthy time without the pressure to quickly pack up and leave. We need a building. I am so excited I feel we are on the verge of a great explosion. Holy Ghost explosion, with a great outpouring of His Spirit on the Russian Muslims and Jews of Brighton Beach.

Good news Souls are being saved and healed and set free..Even after our services are over no one wants to leave. The Lord's presence is so sweet and strong that many linger to worship and pray at the altar. They are so hungry and open. The Father is healing their hearts.

We are renting in Brooklyn and the church that we rent from asked what is happening how are we growing so big. I want to stop and thank you our partners because YOU believe in FMI ministry. You have sown here, in this hard soil. We are surrounded by Russian Mafia, drugs and alcohol, a godless community with people hurting. Brighton Beach is full of Russian speaking muslims(like the family of recent bombing terrorist) and atheistic and religious Jews who need Jesus. Your support both financial and through prayers is building an army of believers made of Russian Jews and Ex Muslims. WE are growing because you are behind us and the Lord has blessed us with your support to work in this field.

Look at the pictures to the right. Russian Chechens, Russian Muslims, Russian Jews meeting wonderful Messiah Jesus. Rejoice with us, the veil has been lifted, Julius a Russian Jewish man who has been attending our meetings for five months came to the altar and stated, "Igor, now I see clearly and believe truly that Jesus is the Jewish Messiah." Thank you for laboring with us to see souls saved...
